

My Lips

Ailee

Hey, yeah
Hey, yeah, ha-ha-ha

Don't have to do the talking
Because there's so much I can say (Uh-huh, uh-huh)
My eyes can look at you and
They can also look away (Yeah)
I can tell from over here
You've got no pick up lines
I'm gonna shift right into gear
Baby, I know how to drive (I know how to drive)

I know that you wanna taste (Ooh)
But you're about to miss
Let's not let this go to waste (Ooh)
You just have to kiss (Woah)

My lips (Yeah)
My lips (My, my, my, my, uh)
My lips (Come on, give it to me) (Woo)
My lips (Come on, give it to me)
(I know that you want it) (Uh-huh) (Woo)
(I know that you want it) (Uh-huh)
(I know that you want it) (Hah-hah-hah)
My Lips (Uh-huh)

It's not just a service
I am really into you
So let's not be so nervous
Because there's so much we can do

I know that you wanna taste
But you're about to miss
Let's not let this go to waste (Let's not let this go to waste)
You just have to kiss (You just have to kiss)

My lips
(You're on the tip of my lips) (Hah-hah)
(I know that you want it)
My lips (Come and give it to me)
(Come and kiss up on me)
My lips (I want you on the tip of my lips, I want you on the tip of my lips)
My lips (I know that you want it)
My lips

I know that you wanna taste
But you're about to miss
Let's not let this go to waste
You just have to kiss

My lips
(You're on the tip of my lips) (Hah-hah)
(I know that you want it)
My lips (Come and give it to me)
(Come and kiss up on me)
My lips (I want you on the tip of my lips, I want you on the tip of my lips)
My lips (I know that you want it)

My lips

They can always look away, hmm
