

# No No No

Ailee

A guy like you is no no no  
A love that's like a joke is no no no  
Pretending to be nice, pretending to trust  
Oh oh, I'm getting tired now

My fantasy toward you has shattered  
The words you said in front of me, the faces you made were all lies  
Lonely, my heart is lonely  
I fell for your lies so easily

I'm so sorry - saying those fake words  
I'm so sorry - and begging, it's no use  
I don't like you anymore

A guy like you is no no no  
A love that's like a joke is no no no  
I don't understand, pretending to be nice, pretending to trust  
Why is love like this? Were you never passionate?  
Your face when you were meeting some other girl  
You tell her that you love her with the same face  
Goodbye, goodbye, I'm getting tired now

I'm so upset that my foolish love was deceived  
I was deceived by the words that came out of your mouth  
Innocently stupid, I'm so stupid  
I hope you will meet a girl like you someday

I'm so sorry - saying those fake words  
I'm so sorry - and begging, it's no use  
I don't like you anymore

A guy like you is no no no  
A love that's like a joke is no no no  
I don't understand, pretending to be nice, pretending to trust  
Why is love like this? Were you never passionate?  
Your face when you were meeting some other girl  
You tell her that you love her with the same face  
Goodbye, goodbye, I'm getting tired now

That day when I first met you - one day  
Why was it me?  
I guess it's a relief that this happened now  
Before I get to know you more, live well, leave me

A guy like you is no no no  
A love that's like a joke is no no no  
I don't understand, pretending to be nice, pretending to trust  
Why is love like this? Were you never passionate?  
Your face when you were meeting some other girl  
You tell her that you love her with the same face  
Goodbye, goodbye, I'm getting tired now
