

Rainy Day

Ailee

If it's raining like this again
I think of when we broke up
You, left me who was grabbing on to you

You didn't like me?
Not even an excuse, and left coldly

Where are you now, this rain knows
My heart and coming down like crazy
Wetting my heart if I could erase
With this rain all of my pain

Tear dropping rainy day
Memory flowing rainy day
More, rain come down
Pour down all night tonight
So it erases your footage

No forehead of break up news
I didn't know it would turn out like this
Like everybody you Say Goodbye
I, like dumb
Thought would be next to you always

Where are you now, this rain knows
My heart and coming down like crazy
Wetting my heart if I could erase
With this rain all of my pain

Tear dropping rainy day
Memory flowing rainy day
More, rain come down
Pour down all night tonight
So it erases your footage

All the longing becomes tears
Flowing down with the thick rain flow
Let it rain harder Let it rain more rain
Let it rain harder Let it rain more rain
Pain and scar of break up, let it take them all

Tear dropping rainy day
Memory flowing rainy day
More, rain come down
Pour down all night tonight
So it erases your footage

Tear dropping rainy day
Memory flowing rainy day
More, rain come down
Pour down all night tonight
So it erases your footage
