Tururup Tururup Rapirapa Your Love Story  
Tururup Tururup Rapirapa it's not me  
Tururup Tururup Rapirapa tear drops down  
A perfect story when I'm not there

A rumor that spread without a noise  
It's not me, who you love  
Bad rumors that I didn't want to believe  
Why's everyone like this? Whispering lips

Can't turn my face away no more, getting bigger story story story

Stories about your love that other people talk  
So mellow, mellow, episode of a drama  
So beautiful, so pitiful  
The love story that was different than me

Don't tell me  
Tururup Tururup Rapirapa  
Your Love Story  
Tururup Tururup Rapirapa

Tururup Tururup Rapirapa  
tear drops down  
A perfect story when I'm not there

You two, looked like a couple to everyone  
I was the only one didn't know, story everyone knew  
Didn't even have the time to say my excuses  
When was it that I saw you last time?

Even when I plug my ears, the story everyone talks about story story story

Stories about your love that other people talk  
So mellow, mellow, episode of a drama  
So beautiful, so pitiful  
The love story that was different than me

(only if you say no) I  
Really don't like myself who's been waiting for you again  
Don't need any words  
Please just hug me again. Hey Hey Hey please
