Ailee

I was always the good type  
Did everything by the book  
Keep your head down  
Make mother proud, yeah  
Then along came the bad guys  
I was looking for something new  
No feet on the ground  
Lost in the crowd

So when I saw you standing there  
Smokin' on your cigarette  
I knew we'd be more than just friends, yeah

I wanna wear you forever  
I'll be everything you need  
Every time you're kissing my body  
Tattoo your love on me  
'Cause I can't get enough can't get enough  
This isn't temporary  
Every time you're kissing my body

Tattoo your love on  
Tattoo your love on me  
Tattoo your love on  
Tattoo your love on me  
Tattoo your love on me

We got off to a bad start  
My issues got in the way  
Still covering up  
Scars from before we met  
So you took all the sad parts  
Made everything seem okay  
For you I'd take the pain  
Over again

So you can be my work of art  
Write your name across my heart  
Close to me you're never too far

I wanna wear you forever  
I'll be everything you need  
Every time you're kissing my body  
Tattoo your love on me  
'Cause I can't get enough can't get enough  
This isn't temporary  
Every time you're kissing my body  
Tattoo your love on  
Tattoo your love on me

Tattoo your love on  
Tattoo your love on me  
Can't get enough can't get enough  
Tattoo your love on  
Tattoo your love on me

So you can be my work of art

Write your name across my heart  
Close to me you're never too far

I wanna wear you forever  
I'll be everything you need  
Every time you're kissing my body  
Tattoo your love on me  
'Cause I can't get enough can't get enough  
This isn't temporary  
Every time you're kissing my body  
Tattoo your love on  
Tattoo your love on me
