

Great Beyond

Aimee Mann

Go, honey go -
Into the ocean
Go, honey go -
Into the great beyond
Til you're good and gone
And you can hide away for
When everything goes wrong
Honey - go

Go, honey go -
If I were you I would
Leave this neighborhood
Away from people who never
Treat you like they should
Honey - go
Go

In the woods or in the ice and snow

Where there is
No one else you know
You've really nowhere
Else to go
So honey go

Go, honey go
Cause it's a dead end street
And it's a street in a town
Where winning isn't sweet
And every win
Is the beginning of defeat
So honey - go
Go
