

Noir! Noir!

Aimer

Nenaide kiite ita
Sekai wa hikari de afurete ite
Mou neru jikan to
Anata ga yasashiku oshiete kureta

Mama! Mada kurai yo kurai yo I cry
Hoshi-tachi wa nigedashita mitai
Dono kurai sakebeba koe wa todoku no?

Nuritsubushitai yo kuro wo kuro de
Kesenai itami keshi saru itami
Me wo tojireba koboreta kurayami sae mou kowaku nante nai
My perfect blindness

You've never shaken me down beside me
And I can remember what you said
"Hello, this beautiful world!"
Then I used to pray so in my bed till dawn

"La La" I sing the lie and cry out tonight
Yubisaki ga surikirete itai
Dono kurai arukeba asa ni todoku no?

And fill me right now in "Noir et noir"
To vanish endless ache, give me new ache
I feel no fear if I can close my eyes
I don't look back to my past
My perfect blindness

Nuritsubushitai yo kuro wo kuro de
Kesenai itami keshi saru itami
Me wo tojireba koboreta kurayami sae mou kowaku nante nai
Tesaguri demo kowaku nante nai
My perfect blindness
