You were late last night, the candle burned so low And in my darkest hour I knew you had to go Did he hold you like I held you once before? Is there someone else that loves you even more? Don't tell me

Standing face to face, the words just fall away
But in my loneliness I knew just what to say
Did he touch you where I've touched you long ago?
Please don't answer, I don't really want to know
So don't tell me

Don't tell me, don't tell me Don't tell me, don't tell me

- I have no more to give you, I have no room to share
- I know the road I follow going nowhere
- I have no more to give you, I have no room to share
- I know the road I follow going nowhere

Don't tell me, don't tell me Don't tell me

Should I close my eyes and say I'm giving up? Can we compromise the darker side of love? Did he hold you like I held you once before? Since I lost your love I need you even more So don't tell me lies

I have no more to give you, I have no room to share I know the road I follow going nowhere

Don't tell me

I have no more to give you, I have no room to share I know the road I follow going nowhere

Don't tell me

I have no more to give you, I have no room to share I know the road I follow going nowhere

Don't tell me
Don't tell me
Don't tell me
