

# The Earth Is

Air Supply

There's a man with the smallest of worlds in his hand  
And a tear fills his eyes as he tries to hang on  
Holding his world together

There's a girl in the other half of the sky  
And she's wondering why her planet should sigh  
Don't you want me 'round forever

The earth is too small to be divided  
Sunrise, moonfall, deep in the heart  
A part of everyone

And we can't wait anymore, the time has come  
And those who need something more will feel the sun  
We're sharing one

The earth is too small to be divided  
Sunrise, moonfall, deep in the heart  
A part of everyone

And we can't wait anymore, the time has come  
You've got your foot in the door  
Get through somehow, break through somehow

The earth is too small to be divided  
Sunrise, moonfall, deep in the heart  
A part of everyone
