

EZbreezy in the backseat  
Tag along for the day  
Don't care what we do or what they say  
Getting older every minute  
Not a minute to waste  
Tick tock don't talk, don't talk it away

Is it cool with you if we keep it  
Keep it EZbreezy?  
Is it cool with you if we keep it  
Keep it EZbreezy?

I'm just wandering at night time  
How did I get to your heart?  
Flashback to the shack, that's where started

We never had to be serious  
So get out of your head  
Don't get complex, just go with it

What if we catch a little sickness  
Take a turn for the worst  
Don't you think we oughta to celebrate each other first  
Fill it up with second guesses  
You'll never finish a thing  
All I really ever wanted was to hear you sing  
Keep it EZbreezy

Is it cool with you if we keep it  
Keep it EZbreezy?  
Is it cool with you if we keep it  
Keep it EZbreezy?

2... 3  
Hey just breathe  
3, 4  
Hey just breathe  
Breathe in breathe out

Is it cool with you if we keep it  
Keep it EZbreezy?  
Is it cool with you if we keep it  
Keep it EZbreezy?  
Is it cool with you if we keep it  
Keep it EZbreezy?  
Is it cool with you if we keep it  
Keep it EZbreezy?

Is it cool with you?  
Is it cool with you?
