

Ferocious

Air Traffic Controller

You know you break my heart
At least once a day
And there ain't nothing I can do
I don't want you to go astray

Gotta play that part
Nobody wants to play
The one to tell you if it's good enough
The one who's never been afraid
To say

Sorry but I hate to break the news
The world is not revolving around you

Got to be ferocious
You already know this
You're so ferocious
Yeah you're so ferocious
Cause you don't wanna blow this

Yeah you're so ferocious

When I raise you up
From a baby cub
Don't go chasing every butterfly
Don't abandon what you love
Dig your claws in deep
Show everyone those teeth
You'll be the master of your universe
When you're wild and running free
Listen to me

Sorry but I hate to break the news
The world is not revolving around you
Never gonna decorate the truth
I think you know exactly what to do

Got to be ferocious
You already know this
You're so ferocious
Yeah you're so ferocious
Cause you don't wanna blow this

You're so ferocious
You don't wanna blow this
Yeah you're so ferocious

Everyone will tell you it's a jungle out there
No one really cares if you think it's not fair
When they see you coming let em know you're not scared
Never was, never was

Got to be ferocious
You already know this
You're so ferocious
Yeah you're so ferocious
Cause you don't wanna blow this

You're so ferocious

Got to be ferocious

You already know this

You're so ferocious

You don't wanna blow this

Yeah you're so ferocious
