

# People Watching

## Air Traffic Controller

Across the room, across the street  
I'm watching you watching me  
So is that all there is to see  
Are these your only memories

Are you the fly that's on the wall  
You can't be caught, you'll never fall  
Hiding in secret from us all  
Who can you trust, who will you call

There was a time, you could do you  
Now all you do is people watch  
You people watch, that's all you do  
You loved and lost, you people watch

Everybody's people watching  
Everybody's punch clocking  
Waiting for the moonwalk  
To take them back  
To dance them away

Everybody shadow boxing  
Don't you want to stop drop and roll  
Til the whole thing burns  
Like you earned the flame  
It's all the same

Shame shame shame  
Shame shame shame

How can you sleep, how will you die  
When this is how you live your life  
You see the world while locked inside  
It's just a flash before your eyes

We don't know why we can't break through  
If all we do is people watch  
You people watch, that's all you do  
You loved and lost, you people watch

Everybody's people watching  
Everybody's punch clocking  
Waiting for the moonwalk  
To take them back  
To dance them away  
It's all the same

Everybody shadow boxing  
Don't you want to stop drop and roll  
Til the whole thing burns  
Like you earned the flame  
It's all the same

A shame shame shame  
Shame shame shame  
Shame shame shame

A shame shame shame  
Shame shame shame
