Once Upon a Time

No time before it's too soon No time after it's too late Time's getting old, time's over now Don't try to be on time Don't try to run after time Time's getting on, time's over now

I'm a little boy, you're a little girl Once upon a time I'm a little boy, you're a little girl Once upon a time Time's getting on, time's over now I'm a little boy, you're a little girl Once upon a time I'm a little boy, you're a little girl Once upon a time Time's getting on, time's over now

I'm a little boy, you're a little girl Once upon a time I'm a little boy, you're a little girl Once upon a time Time's getting on, time's over now I'm a little boy, you're a little girl Once upon a time I'm a little boy, you're a little girl Once upon a time Time's getting on, time's over now
