

## Who Am I Now?

Air

What do I know, where should I go  
Telling me things that I can't see

Who am I now, je suis enfant  
Who am I now, il y a longtemps  
The light and the chill, fermer les cils  
Open your ears, listening leaves

Distance device, crossing the line  
Taken in kind, rêves jor et soir  
Lost in a maze, je restais là  
Transforming views, l'esprit confus
