Boneshaker

Airbourne

Keep looking at me
When I look in your eye
I wanna see your crazy side

So let's rock'n'roll
Baby that's my style
Like animals risky and wild

You be my boneshaker
I be you earthquacker
We both want it bad enough to do it right here, oh yeah

Shake, shake me
All around the world you got my bones shakin'
Come on and
Shake, shake me
Honey, don't stop you got my bones shakin'

You kick the heels
Right through that door
Come on and throw me down on the floor

You talk a big game
Come on and show me
I'm ready to rock, come on and

Be my boneshaker
I'll be your earthquacker
You know we both want it bad come on let's do it right here

Shake, shake me
All around the world you got my bones shakin'
Come on and
Shake, shake me
Honey, don't stop you got my bones shakin'

(Shake! Shake! Shake! Shake! Shake!)
Oh baby
(Shake! Shake! Shake! Shake!)
Oh shake, shake it, don't stop
Ooh...!
(Shake! Shake! Shake!...)

Shake...!

Let's shake it back and forth, you little slick

Shake, shake me
All around the world you got my bones shakin'
Come on and
Shake, shake me
Honey, don't stop you got my bones shakin'

Oh come on
Shake, shake me
All around the world you got my bones shakin'
Shake, shake me

Honey
Don't you stop!
