

# I'm Going to Hell for This

Airbourne

Oh, come on in!

The temptation on two legs  
Like a wedding ring wrapped around her finger I'm in the wrong  
bed  
I feel myself slippin' into hell's door  
Like a hurricane she's blowing my brain, I'm coming back for mo  
re

'Cause I know it's so wrong, but it feels so right  
I gotta take another bite

I'm going to hell, going to hell for this  
I'm going to hell, going to hell for this, oh yeah!

The satisfaction under my thumb  
Yeah, I'm tying the knot, thicken the plot  
'Cause I'm in it for the fun

'Cause I know it's so wrong, but it feels so right  
I gotta take another bite

I'm going to hell, going to hell for this  
I'm going to hell, going to hell for this, oh, get out of my wa  
y!

He's got a gun  
There's nowhere to run  
Grab the kitchen knife  
And I fight for my life

Yeah

'Cause I'm going to hell, going to hell for this  
I'm going to hell, going to hell for this  
I'm going to hell, going to hell for this  
I'm going to hell, going to hell for this
