

Live It Up

Airbourne

Let's go! Oh, yeah!

Spent all of my life breaking all the rules
Stepping out of line, the streets are my school
Can't get enough of a good time
Gonna live it up while still alive

I'm a hell raiser, risk taker, full speed ahead
Till I'm dead in the fast lane
Live wire, wild fire
I'd rather burn up in flames than fade away
You gotta live it up
You gotta live it up
You gotta hit and run
You gotta live it up

The devil may care, but I don't give a damn
To hell with the reason, it's all a scam
You got the invitation, I got the booze
Life's a vacation when there's nothing to lose

I'm a hell raiser, risk taker, full speed ahead
Till I'm dead in the fast lane
Live wire, wild fire
I'd rather burn up in flames than fade away
You gotta live it up
You gotta live it up
You gotta hit and run
You gotta live it up

Ah yeah

Run the red lights
Sleep when I die
Don't you ever tell me to stop
You gotta live it up
You gotta live it up
You gotta live it up

I'm a hell raiser, risk taker, full speed ahead
Till I'm dead in the fast lane
Live wire, wild fire
Liveeeeeeeee it uuuuuuuuuuuuuup
You gotta live it up
You gotta hit and run
You gotta live it up
Oh live it up
You gotta live it up
You gotta hit and run
You gotta live it up

I'm a hell raiser

Run the red lights
Sleep when I die
Don't you ever tell me to stop
You gotta live it up.
