

Loaded Gun

Airbourne

I've never seen a such smooth hotter figure
I bet the taste gets sweeter and sweeter
Like a diamond-head I slither
I'm harder then a Parthenon pillar

If one night stands is what you like
Then c'mon baby lets get it on tonight

I'm your loaded gun, loaded gun
Loaded gun, loaded gun
Let's have same fun until the rising sun
I'm your loaded gun
Loaded gun oh yeah

I got you in my sights
I can't get you off my dirty mind
Your body is a temple and I come to worship

If one night stands is what you like
Then c'mon baby lets get it on tonight

I'm your loaded gun, loaded gun
Loaded gun, loaded gun
Let's have same fun until the rising sun
I'm your loaded gun
Loaded gun, loaded gun

If one night stands is what you like
Then c'mon baby lets get it on tonight

I'm your loaded gun, loaded gun
Loaded gun, loaded gun
Let's have same fun until the rising sun
I'm your loaded gun
Loaded gun,

I'm your loaded gun, loaded gun
Loaded gun, loaded gun
I'm your loaded gun, loaded gun
I'm your loaded gun oh yeah and I shoot to kill
