

# Rock 'N' Roll For Life

Airbourne

They tied the noose around the rebels' neck  
Strung him up said Rock'n'Roll is dead  
No more bands to rock the earth  
We watched as the records burned  
Machines play zeroes and ones  
The war has just begun  
From the ashes hear the volume rise  
Never say die Rock'n'Roll for life  
For life  
Rock'n'Roll for life  
Rock'n'Roll for life

Don't matter where you were born  
Or the country that you came from  
They'll never divide us  
Coz Rock'n'Roll is our culture  
Feel our heavy vibrations  
Shaking all your foundations  
We stand as one tonight  
Never say die Rock'n'Roll for life  
Rock'n'Roll for life  
Rock'n'Roll for life  
Rock'n'Roll for life  
For life...

The year was '99, I saw it all through teenage eyes  
Never say die, Rock'n'Roll for life!

Fuck ya's all Rock'n'Roll for life  
Rock'n'Roll for life  
Rock'n'Roll for life  
Rock'n'Roll for life  
Rock'n'Roll for life
