

Sex to Go

Airbourne

I know what I want, always order on the run
Gotta get a little bit of meat on the bun
Supersize, cheese and fries
All I really want is your apple pie
Got no drinks, got no food
There's only one thing on this menu

(Sex to go)
(Sex to go) it'll hit your spot
(Sex to go) you know what I want
(Sex to go) I'll be your drive through window

Don't need to marinade or wait all day
All I really want is your take away
Don't need no chef, no white tablecloth
You just give me everything that you got
If you own a phone you don't have to eat alone
You just let me know

(Sex to go) get it while it's hot
(Sex to go) I'll hit your spot
(Sex to go) I got what I want
(Sex to go) just give me the whole fuckin' menu

Has it been a while since you had a good meal?
C'mon on over here

(Sex to go) get it while it's hot
(Sex to go) everything on the menu
(Sex to go) I'll hit your spot
(Sex to go) just open up your drive through window
Sex to go

(Sex to go...)

Yes yes, so greasy, the grease gimme the oil, rub it on, baby
Yeah, 24/7 days a week, we're open, we're just like heaven, c'm
on up!
