

## Sex to Go

Airbourne

I know what I want, always order on the run  
Gotta get a little bit of meat on the bun  
Supersize, cheese and fries  
All I really want is your apple pie  
Got no drinks, got no food  
There's only one thing on this menu

(Sex to go)  
(Sex to go) it'll hit your spot  
(Sex to go) you know what I want  
(Sex to go) I'll be your drive through window

Don't need to marinade or wait all day  
All I really want is your take away  
Don't need no chef, no white tablecloth  
You just give me everything that you got  
If you own a phone you don't have to eat alone  
You just let me know

(Sex to go) get it while it's hot  
(Sex to go) I'll hit your spot  
(Sex to go) I got what I want  
(Sex to go) just give me the whole fuckin' menu

Has it been a while since you had a good meal?  
C'mon on over here

(Sex to go) get it while it's hot  
(Sex to go) everything on the menu  
(Sex to go) I'll hit your spot  
(Sex to go) just open up your drive through window  
Sex to go

(Sex to go...)

Yes yes, so greasy, the grease gimme the oil, rub it on, baby  
Yeah, 24/7 days a week, we're open, we're just like heaven, c'm  
on up!
