

Doctor Z

Airfare

Somedays I can't sleep at night
so I twist and turn under the moonlight
Yesterday I saw a shape, and when I tried to look it just went
away

Day breaks and the feeling's gone, but the shapes in my mind ar
e still hangin' on
So if i go, go back tonight, will you dance with me under the m
oonlight?

calling doctor Zaius
I'm calling doctor Zaius
I know you won't betray us
so I'm calling doctor Zaius

nah nah nah nah nah
who loves you?
nah nah nah nah nah
I don't know

Saturdays I'm wide awake and I hope in my mind it won't be the
same
right away It's getting late and the shapes of the night just w
on't go away
So if i go, go back tonight
will you dance with me under the moonlight?

calling doctor Zaius
I'm calling doctor Zaius
I know you won't betray us
so I'm calling doctor Zaius

nah nah nah nah nah
who loves you?
nah nah nah nah nah
I don't know
