

Youngblood

Airfare

I am youngblood, I am a youngblood
You don't know me, I am a youngblood

Oh won't you tell me what you want
I got a can full of worms for ya
You might see me on the western front
I cut my head like a hollywood cunt

I am a youngblood
I am a youngblood
I gotta nothin' inside no
I am a youngblood

oh won't you show me now what you need
I see you there, baby, down on your knees
you might see me on the western front
i got my head bangin' off the wall

I am a youngblood
I am a youngblood
I got nothin' inside to see
I am a youngblood

won't you show me, won't you show me
won't you show me what you are what you are yeah
come on and tell me, come on and tell me
come on and tell me what you are
oh won't you show, won't you show me
won't you show me what you are what you are

I am a youngblood
I am a youngblood
I got nothin' inside to see
I am a youngblood
