

# Eternal Eyes

Airged L'amh

There can be, only one survivor  
He who'll stand, this final hour  
A conflict of immortals-The call of the quickening

Our sleepless eyes are watching you  
Disguised-The ones that fallen  
With swords in hand they're lingering onwards the final  
path

[Chorus:]  
So fight on, throughout the ages,  
You have entered the hall of the damned  
Fight on, breathe the wind of the end (2x)

Headless their souls are taken all  
An honoured death forsaken  
The price of eternity, it's the final showdown

In times of darkness and of light  
A sign-Struck of thunder  
Reminding destiny to all, it's the call...

[Chorus:]  
So fight on, throughout the ages,  
You have entered the hall of the damned  
Fight on, breathe the wind of the end (2x)

Breathe the wind of the end...
