

Remember what we all got
We can do all
the laugh is such a dream
when we had it all

Kids stay out tonight
We had it all, we got it all
Kids stay out tonight
We had it all, we got it all

Remember who your best friend was
Where are they now
When you were so young
What did you think about

Kids stay out tonight
We had it all, we got it all
Kids stay out tonight
We had it all, we got it all

Kids stay out tonight
We had it all, we got it all
Kids stay out tonight
We had it all, we got it all
