

## Vacancy

Aisha Badru

You've shown me just what it'd be like  
Unloading boxes in my mind  
You stay past all of the deadlines  
I'll dim the vacancy signs

Oh, you're just in time  
'Cause I was gonna leave that place behind

You've shown me just what it feels like  
I'm slowly losing track of time  
We built a house out of mud pies  
We smashed the vacancy signs

Oh, you're just in time  
'Cause I was gonna leave that place behind

You've shown me just what it is like  
I'm falling down from the climb

Oh, you're just in time  
'Cause I got tired of being left behind
