

## Worthwhile

Aisha Badru

Turned on the news to see the world on fire  
Riots are raging  
Covid rates getting higher  
Scientists say beware of the rising water  
Mothers are crying at the border

I know things out there are a little wild  
It is all worthwhile  
It is all worthwhile  
I'll do anything just to make you smile  
It is all worthwhile  
It is all worthwhile

Trust that the dark days are gonna end  
First the old has to fall for something new to ascend  
Some things we may never understand  
Oh, but you do what you can  
Oh, we'll do what we can

I know things out there are a little wild  
It is all worthwhile  
It is all worthwhile  
I'll do anything just to see you smile  
It is all worthwhile  
It is all worthwhile

I know things out there are a little wild  
It is all worthwhile  
It is all worthwhile
