

Hide N Seek

Aitch

Am I doing bad?
Don't play hide and seek with my love

Baby catch me quick with your love
If you really want it don't be missing this love
Don't play hide and seek with my love, don't play, don't play
Don't play, hide and seek with my love, oh

Ayo, waiter
Yeah
I want fifteen shots in a champagne shop
Then come back every fifty minutes
Bring fifty more till the bank say no
I'm drunk as a bitch right now
Don't ask me how did my campaign go
And tell you girlfriend get off the table
You can't come by 'less your mas say so
Like I need some heat right now
Some Sex on the Beach right now
Girl I need that Messenger peach right now
Some press and delete right now, like
Can't front, I'll slide from the back
Know you love how I sex and you like when I rap
Come and spend some time on my lap
We can wine and dine or pipe and relax

Am I doing bad?
Don't play hide and seek with my love

Baby catch me quick with your love
If you really want it don't be missing this love
Don't play hide and seek with my love, don't play, don't play
Don't play, hide and seek with my love, oh

Yeah
I come through with some one-two skank
Know that gal always go for the one who's mank
Big boss, I been going through ranks
Now her legs in the air like she's on two hands
Ex man couldn't make her cum
But you know say I be the one who can
Told me that he ain't no fun
But she also said that she ain't no fan, that's
That's lies but I let that slide
That shit taste too god I ate that twice
Since then hasn't left my side
Had her own hotel but she slept at mine
Porn star [?] I'm nice
Couple shots to the net, now my head top fried
Club shots at three and we left at five
Got nothing to say boy, hectic night

Am I doing bad?
Don't play hide and seek with my love

Baby catch me quick with your love
If you really want it don't be missing this love

Don't play hide and seek with my love, don't play, don't play
Don't play, hide and seek with my love, oh

Don't play hide and seek with my love
Don't play hide and seek with
Don't play hide and seek with my love
