

Night Visions

AJ McLean

Baby I heard everything you said
When you gave me back my jacket
Said have it
And over your shoulder
Said over means over
You know we gotta kick this habit

I didn't wanna call you up
I didn't wanna make this hard
I ain't tryna unbreak up
I'm just wishin' that you'd hop in your car

'Cause I'm having night visions
Of you and me on the edge of my bed
Your body on top of me
Slipping you out of your dress
Tracing your fingertips
Up and down my tattoos
Like you used to do

I'm having night visions of kissin'
Every spot I might've missed
Mixing whiskey and drinking
With the red wine on your lips
Can't be a dream 'cause I don't sleep without you
Baby, are you havin' 'em too?
Night visions

I can make it all day long
Ain't got no reason to check out or scroll down
Instagram, and check on you
I'm alright, the skies are blue
But when the sun goes down

Start having night visions
Of you and me on the edge of my bed
Your body on top of me
Slipping you out of your dress
Tracing your fingertips
Up and down my tattoos
Like you used to do

I'm having night visions of kissin'
Every spot I might've missed
Mixing whiskey and drinking
With the red wine on your lips
Can't be a dream 'cause I don't sleep without you
Baby, are you havin' 'em too?
Night visions
Night visions

I didn't wanna call you up
I didn't wanna make this hard
I ain't tryna unbreak up
I'm just wishin' that you'd show up in the dark

'Cause I'm having night visions

Of you and me on the edge of my bed
Your body on top of me
Slipping you out of your dress
Tracing your fingertips
Up and down my tattoos
Like you used to do

I'm having night visions of kissin'
Every spot I might've missed
Mixing whiskey and drinking
With the red wine on your lips
Can't be a dream 'cause I don't sleep without you
Baby, are you havin' 'em too?
Night visions
Baby, are you havin' 'em too?
Night visions
Baby, are you havin' 'em too?
Night visions
Oh, oh baby, are you havin' 'em too?
Night visions
Oh, oh
Night visions
