

Cameras On

AJ Mitchell

Cameras on
And I see the faces changing
I wanna run, I wanna run
Cameras on
Now I'm friends with every stranger
I wanna run, I wanna run

Yeah, I've seen it in my past
Yeah, that fake love, it don't last
And I know what it will do to me (I know)
When I think they want me well
They tryna make me someone else
And I know what that will do to me (I know)

But never with you
You love me for me
When I'm with you
I wanna, I wanna leave
Never with you
You love me for me
When I'm with you

Cameras off
Everybody goes their own way
Yeah, one by one, yeah, one by one
Lights not on and nobody's got the patience
Oh oh

Yeah, I've seen it in my past
Yeah, that fake love, it don't last
And I know what it will do to me (I know)
When I think they want me well
They tryna make me someone else
And I know what that will do to me (I know)

But never with you
You love me for me
When I'm with you
I wanna, I wanna leave
Never with you
You love me for me
When I'm with you

Never with you
When I'm with you, whoa oh

Cameras on
And I see the faces changing
(See the faces changing, oh oh)
Lights not on and nobody's got the patience

But never with you
You love me for me
When I'm with you
I wanna, I wanna leave
Never with you
You love me for me

When I 'm with you
Never with you
Never with you
