

Girls

AJ Mitchell

Lately, I ain't got time on my hands much, aye
I'm tryna stay focused, but they keep on hittin' my phone up, oh
Say, come and get it

I've got me a problem
I wanna get with all of them
Oh, when I get to close
Like the bad ones most
I can't say no

Keep thinking 'bout 'em (girls!)
If they get in my way
Got myself thinking about 'em all day (girls!)
They're all I could see
I don't care if they out of my reach
(Girls) Pray to myself, they're my weakness
(Girls) Can't leave 'em alone

I wanna get to know these
I wanna get to know these
I wanna get to know these girls

So tempting, they putting pictures in my mind, oh
I'm trying, trying, but they don't run out of things I like, aye
Say, come and get it

I've got me a problem
I wanna get with all of them
Oh, when I get to close
Like the bad ones most
I can't say no

Keep thinking 'bout 'em (girls!)
If they get in my way
Got myself thinking about 'em all day (girls!)
They're all I could see
I don't care if they out of my reach
(Girls) Pray to myself, they're my weakness
(Girls) Can't leave 'em alone

I wanna get to know these
I wanna get to know these
I wanna get to know these girls
I wanna get to know these
I wanna get to know these (these girls)
I wanna get to know these
I wanna get to know these (I wanna get to know)
I wanna get to know these

Keep thinking 'bout 'em (girls!)
If they get in my way
Got myself thinking about 'em all day (girls!)
They're all I could see
I don't care if they out of my reach
(Girls) Pray to myself, they're my weakness
(Girls) Can't leave 'em alone

(I'm feeling) I wanna get to know these
(These girls) I wanna get to know these
(These girls) I wanna get to know these
I wanna get to know these girls
(I'm feeling, yeah) I wanna get to know these
I wanna get to know these (yeah)
I wanna get to know these (oh)
I wanna get to know these
(I wanna get to know these) I wanna get to know these
I wanna get to know these (these girls)
I wanna get to know these
I wanna get to know these

I wanna get to know these (girls!)
These girls
Can't leave 'em alone
These girls
Can't leave 'em alone
