

Growing Pains

AJ Mitchell

Almost forgot
What it feels like
To be out of control
No, I don't mind
When you call me
Cause I've been there before

Tell me everything you don't like
And everything you got in your mind
I'll put myself in if I can get you out
Even if it's taking all night
Gotta get it through to your mind
It's not your weakness
It's just life

This right here
That's just growing pains
There ain't too much to figure out
When you're stuck
In your old ways
You can't let them drag you down

Cuz we ain't stopping the seasons changing
Love ain't patient
We all come and go

It might hurt
Let it hurt babe
Cuz you ain't gotta go through
All these growing pains alone

Almost forgot
How I got here
'Cause the way up was wild (was wild)
I took some turns
Went the wrong ways
But I made it just fine

Way too many Saturday nights
Couldn't even see out my eyes
I wasn't blinded
It was life
This right here
That's just growing pains
There ain't too much to figure out
When you're stuck
In your old ways
You can't let them drag you down

Cuz we ain't stopping the seasons changing
Love ain't patient
We all come and go

It might hurt
Let it hurt babe
Cuz you ain't gotta go through
All these growing pains alone

(You ain't gotta go through all these growing)

Tell me everything you don't like
And everything you got in your mind
I'll put myself in
If I can get you out
Even if it's taking all night
Gotta get it through to your mind
It's not your weakness
It's just life

This is right here
That's just growing pains
There ain't too much to figure out
When you're stuck
In your old ways
You can't let them drag you down

Cuz we ain't stopping the seasons changing
Love ain't patient
We all come and go

It might hurt
Let it hurt babe
You ain't gotta go through
All these growing pains alone

All these growing pains alone

(You ain't gotta go through)
(All these growing)
