

High Like You

AJ Mitchell

This is my confession
Pray to God I learn my lesson
Got your message in a bottle
You'll be the toughest act to follow

Why have I gone tired of all the games?
That used to take my mind away?
And all the things I always loved to do
They don't get me high, don't get me high like you
They don't get me high, don't get me high like you
They just keep me feeling, keep me feeling blue
They don't get me high, don't get me high like you, aye

'Cause you're my drug and I'm fiending for you
If this ain't love, why am I feeling so blue?
So gimme some, 'cause I'm fiending for you tonight
Take me hi-i-igh, yeah (oh)
Take me hi-i-igh, yeah (oh)
Take me hi-i-igh, yeah (oh)
'Cause I'm fiending for you tonight
Take me hi-i-igh, yeah

Tripping on some substance
Swear to God I used to love it
Now I can't appreciate the feeling
'Cause it don't give me any meaning

Why have I gone tired of all the games?
That used to take my mind away?
And all the things I always loved to do
They don't get me high, don't get me high like you
They don't get me high, don't get me high like you
They just keep me feeling, keep me feeling blue
They don't get me high, don't get me high like you, aye

'Cause you're my drug and I'm fiending for you
If this ain't love, why am I feeling so blue?
So gimme some, 'cause I'm fiending for you tonight
Take me hi-i-igh, yeah (oh)
Take me hi-i-igh, yeah (oh)
Take me hi-i-igh, yeah (oh)
'Cause I'm fiending for you tonight
Take me hi-i-igh, yeah (oh)

Take me hi-i-igh, yeah (oh)
Take me hi-i-igh, yeah (oh)
Take me hi-i-igh, yeah (oh)
'Cause I'm fiending for you tonight
Take me hi-i-igh, yeah
