

Lovers On The Moon

AJ Mitchell

Ooh, baby, baby
The way you shinin' lately
Is brighter than the stars in the sky
Elevated
Is it too soon to say that
I'm yours if you're along for the ride?

I feel so high, in this place
In your eyes, I've been floatin'
Feels just like outer space
No one else just me and you

I wanna love you 'til your feet don't touch the ground
I wanna know you where the air don't make a sound
I feel so high when I'm with you, ooh
We could be lovers on the moon
I never knew that I could feel like this, oh no
I never knew until my heart crashed into yours
I feel so high when I'm with you, ooh
We could be lovers on the moon
We could be lovers on the moon
So high

Ooh, baby, baby
The way that you've been tastin'
I could eat it up all night
And when it's over, if I lose my composure
It's only 'cause you're blowin' my mind

I feel so high, in this place
Feel just like I've been floatin' in your eyes
Outer space
No one else just me and you

I wanna love you 'til your feet don't touch the ground
I wanna know you where the air don't make a sound
I feel so high when I'm with you, ooh
We could be lovers on the moon
I never knew that I could feel like this, oh no
I never knew until my heart crashed into yours
I feel so high when I'm with you, ooh
We could be lovers on the moon
We could be lovers on the moon
So high
We could be lovers on the moon
So high

Ooh, la-la, la-la, la-la, la-la, la-la, I la-la-la like it
Ooh, la-la, la-la, la-la, la-la, la-la, I la-la-la like it

I wanna love you 'til your feet don't touch the ground
I wanna know you where the air don't make a sound
I feel so high when I'm with you, ooh
We could be lovers on the moon
We could be lovers on the moon
So high
We could be lovers on the moon

So high
