

# Maybe

AJ Mitchell

Baby, all these questions unanswered are calling, driving me crazy  
And I think I know where it's going and I know that you never blame me  
Yeah, we had good, good times, stayed at mine every night  
You were my everything, but we got things to find  
And I think you know where it's going, so, baby, don't try to save me

I know it won't be long  
Till I'm thinking 'bout you and what went wrong

So maybe we can fall in love again someday  
Maybe we can fall in love, I know we gotta go away  
And we can be free, we can say that we loved  
And got out when it wasn't enough  
Don't be afraid  
People change  
Take a break  
Baby, maybe we can fall in love  
Maybe we can fall in love, love

I wonder if one day you'd see me and wonder what would've happened  
If we try to keep it together, would it be a fatal attraction?  
Ay  
Do we need time to grow? Do we need time apart?  
Did we take it too slow? Did we lose who we are?  
And I think I know where it's going, though I find it hard to imagine, oh

I know it won't be long  
Till I'm thinking 'bout you and what went wrong

So maybe we can fall in love again someday  
Maybe we can fall in love, I know we gotta go away  
And we can be free, we can say that we loved  
And got out when it wasn't enough  
Don't be afraid  
People change  
Take a break  
Baby, maybe we can fall in love  
Maybe we can fall in love, love
