

# Not About Love

AJ Mitchell

Ah, oh

I've been thinkin' 'bout my past life  
Tryna find the things that make me happy on a sad night  
I kinda miss my friends from Belville  
Only ones who know me more than anybody else will

'Cause I've been lonely chasing highs  
Just wanna be with myself tonight

I wanna write a song that's not about love  
Not about love, not about love  
Just tryna be the best I can  
Yeah, whatever makes me happy  
I wanna write a song that's not about love  
Not about love, tryna see it all  
Just tryna be the best I can  
I just wanna write my story

It's not about love  
It's not about love  
It's not about love, yeah  
It's not about love

I've been thinkin' 'bout my family  
Only ones who know enough to really understand me, uh  
Maybe I'm just gettin' older  
But lately, I've be leanin' on a different kind of shoulder

'Cause I've been lonely chasing highs  
Just wanna be with my friends tonight

I wanna write a song that's not about love  
Not about love, not about love  
Just tryna be the best I can  
Yeah, whatever makes me happy  
I wanna write a song that's not about love  
Not about love, tryna see it all  
Just tryna be the best I can  
I just wanna write my story

It's not about love  
It's not about love  
It's not about love, yeah  
It's not about love  
Uh  
It's not about love  
It's not about love, oh  
It's not about love, yeah

Oh
