

One More Fight

AJ Mitchell

(No, no, no, no)

Ay, if you got somethin' to say
Go on and say it to my face
This sorta love ain't the way (No)
No holding back any more
I ain't the one keepin' score
So here's another for your board

We can sit here, waste another night, yeah
Not sure if we'll make it one more fight

So, baby, we can just pretend
You're still my lover and my friend
Put the problems all to bed
Tell ourselves these little lies
We can do it one more time
So we can have just one more fight

'Cause I'd rather fight with you than have to fight without you

Ay, we always promise a change (Promise a change)
But some things just stay the same
We got a lot on our plate (Yeah, we got a lot)
Uh, is it the spark to the flame?
Is it just part of the game
We just don't know how to play? (Oh)

We can sit here, waste another night, yeah
Not sure if we'll make it one more fight (Not sure)

So, baby, we can just pretend
You're still my lover and my friend (No)
Put the problems all to bed
Tell ourselves these little lies
We can do it one more time
So we can have just one more fight (Fight, oh)

Yeah, 'cause I'd rather fight with you than have to fight witho
ut you
Yeah, ay, 'cause I'd rather fight with you than have to fight w
ithout you
Oh, no
Oh no, 'cause I'd rather fight
