

# Somebody

AJ Mitchell

I do what I feel and I feel incredible  
Me and my ego are up and the levels low  
But when I'm alone you are my antidote  
I do what I feel and I feel incredible

I been spending my time  
Spending this money  
Might as well spend it all on somebody who loves me, who loves me

I can really do with somebody  
Tell me, are you that somebody  
I can really do with somebody  
Tell me, are you that somebody

Missin' a feeling and I can get used to this  
I got the cheat codes, baby I'm using them  
She got the shape and she know how to move her thing  
Woo  
Missin' a feeling and I can get used to this

I been spending my time  
Spending this money  
Might as well spend it all on somebody who loves me, who loves me

I can really do with somebody  
Tell me, are you that somebody  
I can really do with somebody  
Tell me, are you that somebody

Got me waitin' like  
Got me waitin' like  
Got me waitin' like  
Got me waitin' like

I been spending my time  
Spending this money  
Might as well spend it all on somebody who loves me, who loves me

I can really do with somebody  
Tell me, are you that somebody  
I can really do with somebody  
Tell me, are you that somebody  
That somebody like you  
I can really do with somebody  
Tell me, are you that somebody  
I can really do with somebody  
Tell me, are you that somebody
