Walk in the club, man don't pay
Bop through when the bouncers say
Crowd's getting gassed at the tunes that we made
So don't be upset cuh we're making waves
See me walk in the club, man don't pay
It's normal, shutdown's what we do the rave
Free drinks, all the mandem waved
And it's all from bars man wrote on a page

Walk in the club, man don't pay
Money upfront, MIK
If you ain't paid for bars, I won't spray
Man's just came to vibe, it's OK
Scope out a chick, tell her man's name
"Rah, I swear you're that guy from the stage
That's shutting down raves, you're shutting down raves
Me and my girls wanna visit your place"
Back out the phone, Uber's the app
Gyal wanna fuck, call her a cab
Big batty yat twist up a man's lap
She's in love with the crew, she's drunk off man's gang
Sitting on stage, Air Ones criss
Step on my crep, still a man won't diss
My YGs banging a hand ting won't miss
Got the opps dem watching the thrust on man's wrist
Back to the ends, trapsuit black
Line man for a night, man, it's a wrap
Keep saying that I'm gonna catch that prat
But I see 'em on road and they're shook, that's fact
Sitting on the block, mandem cranked
If we ain't got a hand ting, it's a shank
Running street running their Ps so it's cazh
MTP, YGG, that's fam
Burberry socks, Burberry shorts
Man post up in basketball courts
Cheerleaders got nastiest thoughts
Eat curry goat from cars with no doors
Fam's got dough, fam's not stressed
Ps in my pocket, it's calm, I'm all blessed
Us man are top of the class, you can't test
Don't try no stopping us now, it won't flex

Walk in the club, man don't pay
Bop through when the bouncers say
Crowd's getting gassed at the tunes that we made
So don't be upset cuh we're making waves

When I come through with the crew, it's mad
You know how we do, man are smooth like suede on my shoes
And I walk straight to the door, I don't queue
Show me the P, see me with who?
See me with MTP and we all gotta eat
Or nobody's spraying, it's beef

And I've got new garms that you ain't seen
No fee, I got them all free, how ya mean?
Gyal watch face cuh they seen me on stage
Looked at my hat, said "you're not a saint"
Cuh they know what a man's like in the bedroom
And what I'm like in the rave
She was like "oh my days
I swear you're that 'oh my days' guy
Can I get a picture to show my mates?"
On the pot juice, I don't know how to behave
Effects of growing on council estates
Worse behaviour for paper like [?]
My girl said that her man wanna bore me
Cuh my face filling up her Snapchat story
I call her Tabasco, she's so saucy
"Sainty, how come I never see you at uni?"
It's cause while I'm tryna work on my dream
I just wanna see my dream work for me, can't ignore me
Cause I was on the frontline, frontline, touring
While you're at home just snoring
I was on the frontline tryna get more in
Moving the balls like Smalling
Writing [?] my bars from morning to morning
So my life never gets boring
Pree what I'm sporting, brand new Jordans
Your life's awful, my life's awesome

Walk in the club, man don't pay
Bop through when the bouncers say
Crowd's getting gassed at the tunes that we made
So don't be upset cuh we're making waves
See me walk in the club, man don't pay
