

Bubble Bath

AJ Tracey

Big Brit I can't change up the accent
We don't gotta switch lanes 'cause we lap dem
I'm a captain, look what the car came wrapped in
No actin' brudda, I'm tapped in

It's Pirelli on the tires for the traction
Bare garms but I paid for a fraction
Big back ting, spin it like Jackson
Call me Bronson for the action

Imma Mayfair dater
Cat for the accolades
Fiend for the paper
Lover not loser, broke boy hater
Mic-ro-phone and stage show elimin-ay-tah

Union Jack saviour, wife temp-tater
I'm the reason ya girl's got no behaviour
Triple H pum pum under-taker
Bring the wheel up, call me Charles Xaviour

Bubble bath on her nails, she a Goyard girl
I touched down but her bro can't tell
She seh she love me but it's a cold ass world
Suh yuh zimme in the dance wit the whole cartel

If I'm a player what does that make you?
I wanna make it right but does that take two?
Come we vibe for the night, no stress if you wanna undress
Then we can run that too

You heard what I said, we can run that...
Yo Rem, where the drums at?
I'm money man, I know where the funds at
And if I tump dat, I guarantee she gonna come back

I'm in love with your im-perfections
Fuck your friends and their in-terjections
I'm tryna link you and build connections
I'm a dog in the 6 pree the in-terceptions

And when you're with the g's dem chillout
The car leather's white so the drink can't spill out
I'm in the spot so the gyal get bring out
Run the ting, mek the tune get spinout

Bubble bath on her nails, she a Goyard girlie
She could short hair bob it or curly
Fresh white toes and her teeth come pearly
I might have to lock dat early

Bubble bath on her nails, she a Goyard girl
I touched down but her bro can't tell
She seh she love me but it's a cold ass world
Suh yuh zimme in the dance wit the whole cartel

If I'm a player what does that make you?

I wanna make it right but does that take two?
Come we vibe for the night, no stress if you wanna undress
Then we can run that too

Bubble bath on her nails, she a Goyard girl

She seh she love me but it's a cold ass world
