Imitations and make plans

Get licked so hard you'll whitey  
I never was a hyped G  
Piss me off to extents, the results will be quite peak  
Done with the bullshit, talk 'bout your full clip  
Talk 'bout your toolkit, talk 'bout your cool whips  
Talk 'bout how you whip it up like Cool Whip  
You get gassed man, I hold them cool licks  
I don't care if you're on some bullshit  
Man I still get dome like a bald prick
