

# Girl Problems

AJ Tracey

I know a lot of mandem are having girl problems right now  
Listen  
Gotta get on your grind darg  
Hear it

I met a girl called Elizabeth  
Fully English but she's still an immigrant  
She's so real, not a bit of silicon  
And for this chick I be moving real militant  
When she's real happy then I'm happy too  
Tryna mess around, blud I'll leave you black and blue  
She can do anything, she's never gassing too  
Tryna chat bad about my girl like 'Who you chatting to?'  
Tryna wrap my baby then I'm wrapping you  
If you're looking real bummy then she'll splash on you  
Said 'Darg, if a bro get busy'  
Looking like a tramp, you need to find yourself a Lizzie  
I used to be cool with being single  
'Till I picked up the cling and I mingled  
Now every time I hear my line jingle  
I know I'm seeing Lizzie so my hands start to tingle

If you're having girl problems then it's all peak  
And to all you broke bruddas, get your own steez  
If you need a change get it cracking then  
Get yourself a Lizzie girl and go and mash P's  
Without my baby girl, I was hopeless  
God willing soon I'm rocking Daytonas  
Elizabeth I'll never let you go  
Cah if I ever slack I know I'm going broke

Me and Lizz go way back  
I never saw her much, I was on the same trap  
She left my life, I had to find a way back  
So I wage backs cah I wanna buy a Maybach  
I introduce her to my mumma  
My pops used to see her, never shared her with my brudda  
So I had to get on the chase and go win her  
Still remember the first time we had dinner  
She copped me new garms, let me re-up on some dinner  
Sexy pink colour, man I knew she was a winner  
My girl's not a good breed, in trouble  
She's a real sinner, we sinning to make a double  
I found her through the hustle so bruddas find her with rubble  
Find her in my house and I creep through and make her shuffle  
She showed me how to squeeze straight into a duffle  
She's always got me covered if I'm ever in some trouble

If you're having girl problems then it's all peak  
And to all you broke bruddas, get your own steez  
If you need a change get it cracking then  
Get yourself a Lizzie girl and go and mash P's  
Without my baby girl, I was hopeless  
God willing soon I'm rocking Daytonas  
Elizabeth I'll never let you go  
Cah if I ever slack I know I'm going broke

See my girl, she get jealous quick  
If I don't holla, she goes green hella quick  
She rock an orange dress, what, on a calm day  
Then lingerie when I go and make the hard pay  
Find her in the trap, banks and the arcade  
Tryna move her as a clown, you're getting parred mate  
In the city, bruddas gotta go and get equipped  
No holiday but they get her down in Margate  
Lizzie got them rolling with the star mate  
The 12 plate, bare ice like a stargate  
We've been together for a second  
If you wanna tek her, you must bring a weapon  
Your girl's got a fat backs  
But my girl's copping all the fat packs  
I fucked other hoes, covered them in oil  
But my baby Lizzie forever, she staying loyal

If you're having girl problems then it's all peak  
And to all you broke bruddas, get your own steez  
If you need a change get it cracking then  
Get yourself a Lizzie girl and go and mash P's  
Without my baby girl, I was hopeless  
God willing soon I'm rocking Daytonas  
Elizabeth I'll never let you go  
Cah if I ever slack I know I'm going broke
