

# One Day

AJ Tracey

Yo, you know I'm a fiend for a white girl  
Sexy Latina or a light girl  
I keep it one hundred, you're a fassy  
Catch me in the dance, I be grabbing on her batty, like uh  
Yeah I still grunt, no biggie  
Their motivation's bacon, no piggy  
M.O.B, after dark it's titties  
Come from the West where the niggas move sticky  
Bust champs cah it's bust case season  
Busting bare champs just for no reason  
My circle's white knights, I don't know treason  
If you act up, I can show a man bleeding  
I don't flag a colour, I'm U.K  
Theme's all brown on the LV suitcase  
My work rate zing, that's a new pace  
Like a llama man, I'll spit in your crew's face  
Really I'm a prezzie, keep it real steady  
Swagger on lock, turn your wife to a jezzzy  
Won't stop rap 'til there's ice on the bezzy  
Girls want a man, you be looking like a teddy  
Jersey's Canadian, creps stay U.S  
Snapback swagger 'cause old school's newish  
Bape from Japan, [?]'s German  
Gucci fragrance, I don't know Ben Sherman  
I'm a tutor while you niggas still learning  
I'm printing off tracks while you kids still burning  
And now your wife's looking like a [?]  
Cah I got the wood that your wifey's yearning  
How'd you get that fam? How you earning?  
What's your stats saying? How you turning?  
These man are G-SHOCK cah they watch face  
But I'm a Daytona, set pace
