

Don't act smart, don't act clever
Strap put man in a peak dilemma
Don't act smart, don't act clever
Strap put man in a peak dilemma
Don't act smart, don't act clever
Strap put man in a peak dilemma
Try move mad when I start set pace
And the pump ting make a man fly like feather
Don't act bad, don't act selenki
Gold teeth in the hand ting, there's plenty
Don't act bad, don't act selenki
Gold teeth in the hand ting, there's plenty
Don't act bad, don't act selenki
Gold teeth in the hand ting, there's plenty
Try act up when the mandem roll
I'll beat off the clip till the chamber's empty

AJ, man are from Trini
Mi yard dat, man, the shoulder fat, not skinny
Cuh my auntie always has food she ah gimme
And mi big fam dem are not small like Timmy
Port of Spain, come from real city
With the Spanish, dem man are rasta [?]
Babylon wanna lock man like Kartel
But my crimes dem are lowkey, not silly
Tell a man if he wan' war then start it
Trini boy inna London, haffi bark it
Make Ps on the field dem or the market
Big Merc, E-class whip, haffi park it
Bruk man down like buss up a shot
Or get a man wrapped like chapati and roti
My uncle said the mash him ah roll wid
Bullets hot like Kuchela, him ah show me
Still getting chased by the police
Cuh the big captains dem know me
I'm in the trap with [?]
Tryna make the works do rolys and polys
I ain't ever burst off a shooter
Lines got numbers like a ruler
I'm in the bando playing mover
Tryna put work on the map like Uber
Done road with the sammy on God
For my bro, I'll switch man off
Fuck double, man'll triple that prof'
Start leaning on a likkle man's squad
I ain't on about new kicks when I say
That I camp out and I get them drops
Cruddy niggas that'll cripple man's crop
If I whistle that dog, man'll riddle man's top

Don't act smart, don't act clever
Strap put man in a peak dilemma
Don't act smart, don't act clever
Strap put man in a peak dilemma
Don't act smart, don't act clever
Strap put man in a peak dilemma
Try move mad when I start set pace

And the pump ting make a man fly like feather
Don't act bad, don't act selenki
Gold teeth in the hand ting, there's plenty
Don't act bad, don't act selenki
Gold teeth in the hand ting, there's plenty
Don't act bad, don't act selenki
Gold teeth in the hand ting, there's plenty
Try act up when the mandem roll
I'll beat off the clip till the chamber's empty

My ting don't jam
Ain't got a tool, still get banged
My man's girl got passed to that gang
Never slid through that chick cause I ran
Cut looking pink as the new [?] LP
Or the dirt Sprite, well, nobody knows
Too much time with American bros
But it's still grime, I don't use American flows
I'm in a hotel with a few Gs
Counting the Gs with American hoes
You man are dead, corpse, gone
Man ah come around and I bury them flows
Getting in food, I be getting in, getting in food
I be licking off, licking off Os
Put packs and I put kids on the roads
Man can't chat to AJ 'bout flows
Man can't chat to AJ 'bout content
Man can't miss the drop, I don't consent
Man went Ceremony Fest for the house?
Nah, my G, you've chosen that wrong tent
Shut down shows like lappy
Shut down shows like PC, trust me, it's easy
2 2 flows get wheely
Make a man's career go poof, Houdini
Walk on the strip with the code nine
I get 5 from the arm from '05
I get busy like go time
Man don't like I've got beef on the curb like bovine
Location? Don't know mine
Rep for the whole of the 10, double 1, and the whole 9
Pack ain't thin like so fine
And I get prof' for the work and I show mine

Don't act smart, don't act clever
Strap put man in a peak dilemma
Don't act smart, don't act clever
Strap put man in a peak dilemma
Don't act smart, don't act clever
Strap put man in a peak dilemma
Try move mad when I start set pace
And the pump ting make a man fly like feather
Don't act bad, don't act selenki
Gold teeth in the hand ting, there's plenty
Don't act bad, don't act selenki
Gold teeth in the hand ting, there's plenty
Don't act bad, don't act selenki
Gold teeth in the hand ting, there's plenty
Try act up when the mandem roll
I'll beat off the clip till the chamber's empty
