Grrah, grrah, let's get it

Living round the danger but I'm staying safe  
Them hitters got them pistols but I'm staying safe  
My migos got my back so I'll be staying safe  
They gon' hit you if you lacking, boy I'm staying safe  
Living round the danger but I'm staying safe  
Them hitters got them pistols but I'm staying safe  
My migos got my back so I'll be staying safe  
They gon' hit you if you lacking, boy I'm staying safe

They could come and snatch me so I'm staying safe  
And ain't no niggas gonna catch me if I'm out of place  
See I know youngens with the shits and they might slap a face  
And I ain't selling rocks in London, fam that's hella bait  
I'm with a slag and she want wood, I'm finna tell her wait  
If we catch a snake finessing, we gon' demonstrate  
Get to flapping on a goofy, watch him elevate  
And you ain't active with that thirty, you ain't selling weight  
Hit you with that [?]  
This bitch want more than me, she wanna do the team  
Your wifey saw me slide, she wanna hang with me  
I'm with a hoe, she tryna pop her merry bean  
My small blonde bitch look like a [?]  
My nigga made a hundred K at seventeen  
You niggas looking dirty but we hella clean  
2310, MTP, we're looking hella mean

See my set look NFL, you like a gang of gays  
And all my migos on the lane tryna catch a lame  
We got bud, we got molly and we slanging kane  
You wifeing off a thot and now she running train  
I ain't paying for no neeks, na I ain't funding lames  
And if a goofy run his mouth then I'll be bunning stains  
Living out in this danger  
I'm tryna trap for that gwap  
My nigga's strapped with that laser  
Ain't afraid to make the ting pop  
Versace garms if I want it  
I'm heading down to that shop  
I threw her dizzle, she bombed it  
She's fucking like it's non-stop  
My set don't do no debating  
I'm with the shits, we get papes in  
This lightie be half-Jamaican

I'm in the crib and I'm faded  
I get the drop and then movies  
I move Croatia, that blue cheese  
From wrapping log to three groupies  
Some Chelseas, Ninas and Rubies

Living round the danger but I'm staying safe
