

# Trapsuit

AJ Tracey

Yo, I'm out here in my trapsuit  
Looking like somebody died or somebody ran  
Caught two jooks to the back, he's flat  
In my trapsuit, tryna move these packs  
Pumpupumpupumpump  
When I catch man tryna be hot just like sun, he's done  
Out late tryna get wage and funds  
Us man grind for life, it's not fun  
I'm out here in my trapsuit  
Looking like somebody died or somebody ran  
Caught two jooks to the back, he's flat  
In my trapsuit, tryna move these packs  
Pumpupumpupumpump  
When I catch man tryna be hot just like sun, he's done  
Out late tryna get wage and funds  
Us man grind for life, it's not fun

Tracey, I put the T in trapping  
Tell a mate stand back when it start clapping  
120 on the M-way, I'm lapping  
Hot girls, snow pack, it's trapping  
Stand firm in the beef, no crapping  
Captain for the home team, I'm capping  
If I get lost when I touch OT  
It's the iPhone on, I'm mapping, yeah  
Yeah, in the grime rave, I'm bapping  
Young G didn't come right, I'm slapping  
Boss ting when I touch mic, I'm dapping  
Radio with the bando, I'm rapping  
White girl Angelina Jolie  
Sitting in the cut with her and I'm tapping  
Get out the pack of bens that I'm stamping  
Grind like Tony Hawk, I ain't ramping  
I ain't skating  
Try and start a ting with man, you'll get weighed in  
Something like Will Smith, I am legend  
You man are likkle poomplex like Jaden  
Call up my bro and tell man it's on top  
Hop out the cab and strike him like Raiden  
Man kept talking, man just kept talking  
Too much talk, he talked till man sprayed him  
White girls chill with man, I get wavy  
Oceans davy, locker, wavy  
Smooth on the track like Phelps, I'm splashing  
Or an athlete when I talk 'bout shaving  
Naughty lighties keep misbehaving  
AJ's strong, he's raw, he's brazen  
Control the game like Illuminati  
Control the game, my team are like masons

Nike stretch suit and my 110s  
See if you can figure out my motive  
Food in the 10's real bait  
So I had to tell my young nigga hold it  
Couple bad gyal in the bando  
Running two tunes, man are moeshing  
And my plug's on wheels  
So I ain't gotta wait when I wanna reload it  
You see, sleep's for the rich, I'm up  
And I'm up, look at my Lizzy  
Redbourn Road, stuck on the menu  
Up in the bandizzy  
Smoked out the room full of amm  
Smoke got the mandem dizzy  
JSA's not gonna work  
No worse, got the mandem busy  
X door shottas, man a bull up  
Eat the grub till my belly get full up  
Kick down your door with my winger like Muller  
Done the move, then the jakes try pull up, pull up  
Yeah, but the feds never caught me  
120 on the M-way, I'm naughty  
Foot down here, up revving 140  
Sports coupe and the tracksuit, I'm naughty  
I'm a proper geezer  
Peng tings looking like the Mona Lisa  
When I get home, I'm a masterpiece  
I hit her with my dick swinging like a Parker Peter  
Chasing the belly like I'm after Peter  
I'm a family guy with the bars like Ether  
Drop kicks, Liu Kang, and I clart the speaker  
Tryna mash bare shows and my dargs are eager
