

1999 Remix

Aja

I just wanna go back, back to 1999
Take a ride to my old neighborhood
I just wanna go back, sing, "hit me, baby, one more time"
Wanna go back, wanna go

Yea I just wanna go back
Sitting on the stoop gameboy in my lap
Open up the lunch and I find that snack pack
Got a new bracelet put it on with a slap

N64 who want it next in smash
CD player skipping in the back of the lac
Turn up the radio now backstreets back
I feel so *NSYNC with a pen and a pad

Ooh, wish that we could go back in time, uh
Got memories
Ooh, maybe we could do it tonight
Tonight's the night

I just wanna go back, back to 1999
Take a ride to my old neighborhood
I just wanna go back
Sing "Hit me baby, one more time"
Wanna go back, wanna go

Imma party with prince in full Versace
Never trust a bitch without a tamagotchi
Was a Rugrat, straight ganged with Tommy
I made a fortune teller on that origami

Tell Lisa Frank to hit me on the aim chat
Now I really want a rainbow color Maybach
Been the Hawk, tell em call me Tony
Im a mix of Naomi and My Little Pony

Ooh, wish that we could go back in time, uh
Got memories
Ooh, maybe we could do it tonight
Tonight's the night

I just wanna go back, back to 1999
Take a ride to my old neighborhood
I just wanna go back
Sing "Hit me baby, one more time"
Wanna go back, wanna go

Back to where we came from
Playin' air guitar on the roof
In the kitchen, up on the table
Like we had a beautiful view
I wanna go
I just wanna go back, back to 1999
Ah, yeah

Red pill, blue pill, yeah gotta choose
Hit em with the crossfire, ain't tryna lose

Shark Attack really gave me the blues
So I rock all black with fake tattoos

Do the Macarena, Bop it n' Dunkaroo
Wear a fanny pack while I cop a Pikachu

Rocking overalls with the front to the back
Way before iPhones what the kids had

Always outside with the ball and a bat
Meet up with the crew after school at the track
Trading all the cards always stayed strapped
The fresh prince taught me all about swag

I just wanna go back, back to 1999
Take a ride to my old neighborhood
I just wanna go back
Sing "Hit me baby, one more time"
Wanna go back, wanna go

Back to where we came from (came from)
Playin' air guitar on the roof
In the kitchen, up on the table
Like we had a beautiful view
I wanna go
I just wanna go back, back to 1999 (go back)
Go back, yeah, yeah
I just wanna go back, back to 1999 (yeah, back to 1999)
Yeah, take me back to '99
