

Commercial

Aja

I'm so controversial, I'm not so universal
They say that my career, has hit a big reversal
You think I'm not commercial, I never fly commercial
Hit up my manager so I can turn down your commercial

I'm doing my own thing, it's not my fault, I'm not phony
Like Lesley, I hit 'em gory, so they know that they don't own me
You know these rhymes, just like friend sides, flip 180 like I'm Tony
Got some niggas, we're gorillas who move that Michele and Romy
On my grind like Starbucks, when they see me, they starstruck
I'm in my own lane, if they can't see it, it's 'cause their car stuck
Played you, no game, though, still stuntin' in the ostrich
Ain't doing your cheap ass gig, that's shit's just preposterous

So I turn my back on these bitches
Who think they fans, but they all snitches
Nah, it's cool, I'm only fuckin' with the stans
Who appreciate all my switches
Ain't talking game consoles, talking 'bout fame
Funny, what a switch, you ain't listen (Nope)
But you still gon' be talking shit
'Cause you wanna keep bumpin' your gums to the fiction

Get off my dick, this ain't an Uber ride
Everything I do big, I super-size
They don't even do that anymore (Nope)
That's why they stay tryna supervise
Have you looked in the mirror lately? (I guess not)
'Cause that's why you really hate me (That's right)
You don't even know where my future lies
So stop tryna plot all your future lies

Check in my bag, it's a stack and a check
Tryna check me? But I'm back on the jet
Dog-walking these hoes, they are my pets
Put on your muzzle and don't interject
Ya'll niggas be saying some dumb shit
With your bald-headed ass assumptions
I don't give a fuck about the memes
You gon' learn I still run shit, uh
Uh, this Lambo ain't silent
Cut the top off, ain't talkin' violence
No kryptonite, tell me when you find it
See 'em contrast, ain't [?]
I came to clock anybody who thinkin' they stopped my bags, you dreamin'
Hard to hear what you have to say over my fans 'cause they always stay screamin'
Let me set the record, [?] you peasants
Rise to the top, I'm omnipresent
I ain't dumb, bitch, I got a lot to say
Try to dismiss me, I'm here to stay
Slumber party turned sleep-away camp
I murdered the mic, Tyson, I'm the champ
Undisputed, I'm lit like a lamp
So fuckin' lit that my haters [?]

So I turn my back on these bitches

Who think they fans, but they all snitches
Nah, it's cool, I'm only fuckin' with the stans
Who appreciate all my switches
Ain't talking game consoles, talking 'bout fame
Funny, what a switch, you ain't listen (Nope)

'Cause that's why you really hate me (That's right)
You don't even know where my future lies
So stop tryna plot all your future lies

Now who's controversial? My name is universal
I just killed these shows without a stage rehearsal
You know that I'm commercial, just shot a new commercial
This winter, watch, my wrist will snow, just like that witch, Myrtle

Get off my dick, this ain't an Uber ride
Everything I do big, I super-size
They don't even do that anymore (Nope)
That's why they stay tryna supervise
Have you looked in the mirror lately? (I guess not)
