Crossbow

Aja

Shots like Steph Curry, goat
I'm tryna be the goat, no rivals
That's no Billy Idol, more like Billie Eilish
So stylish, my name in The Bible
I'm a tower like Eiffel
Rock white like bridals
Headline like titles
I popped like a quiz and that's finals, hm
Yeah, exquisite aim
Yeah, if you hate for no reason
That's a little lame
Yeah, some attention, yeah, you need it
And it's all the same
Yeah, this game you wanna play
I don't do those things
Yeah, fuck what you say, I'm still gettin' paid

I might load a crossbow to let these hoes know
We do big things, I ain't fuckin' with no small talk
Talkin' all the things you said I wouldn't do, that's all talk
Turned that dust into some diamonds, I'm a fuckin' warlock, nigga

Heard my pen went summa cum laude
That's 'cause I'm real, never been fried
Worried 'bout me, but you need to get a job
I got the all-seeing eye like Ra
See what you did, what you said
I leave all you hoes on read
I put you to sleep, no bed
'Cause I roll deep with the dead
I'm that bittersweet mystery, symphony
In your mouth, I'm minty fresh, I'm Listerine
I'm a company and you just misery
Why you jittery? It's history
Underdogs always rise to the victory
Rotatin' like rotisserie, you can't get rid of me

Shots like Steph Curry, goat
I'm tryna be the goat, no rivals
That's no Billy Idol, more like Billie Eilish
So stylish, my name in The Bible

Turned that dust into some diamonds, I'm a fuckin' warlock, nigga

Wait, who that nigga who mad got my name in the lights
Wait, if I'm so wack, why your flow sound like mine?
Wait, I know you tryna ride this wave like a bike
Wait, I'm outta my sight, when I step on the mic
I never been all bark and no bite
You know they call me Rocky
Knockout, so you think I'm cocky
Roll up on you like somaki
Pockets full of that wasabi
Abu Dhabi, looking lively
Silly niggas need a hobby
No left eye, when I say I'm a Slick Rick
Hoes and la di da di

'Scuse me? I'm sorry
I don't do this for nobody
Every track, the beat, I body
I'm a hunter, I embody
I'm hotter than the Saudi
Ride the beat just like a Harley
Better sleep with one eye open
Just like Illuminatis, bitch
