

# Rocky

Aja

Feelin' like new, but I'm givin' smoke  
With no hands, I make 'em choke  
No sucker punch, I don't need a cloak  
If you're scared of bears, don't poke  
I'm a fuckin' grizzly, wrist polar  
Neck icy, spit solar  
Not in that payola  
Pushin' hits like strollers  
These offers, they line up  
Like a hairline that's fine cut  
I'm only this confident  
'Cause my work [?]  
How the fuck you tryna clock me?  
Seems like your time's up  
Compare me to who?  
These bitches can't size up

Been a rocky road  
On a Kawasaki  
Bitches be mad  
'Cause I'm so cocky  
They call me Sensei  
Mr. Miyagi  
I'm a knockout  
So they call me Rocky

They call me Rocky  
They call me Rocky, Rocky  
They call me Rocky  
They call me Rocky, Rocky  
They call me Rocky  
They call me Rocky, Rocky  
They call me Rocky  
They call me Rocky-ocky

So what, I wanna brag? I'm better  
Love myself, I'm writin' me a love letter  
Dressed to kill, my gloves leather  
Hittin' all of my goals with a header  
Half of you bitches ain't ever heard that  
[?], I pull up in a all black  
Maybach convertible with the top down  
Like I'm Lana Del Rey, ready with the top crown  
Eye of the tiger, I'm in a striker  
Bitches mad 'cause I'm on fire  
I ain't laughin', so they can die  
We on the streets, I'm Billy Eichner  
Red eye, like I pulled the sniper  
Get bloody hands, crimson viper  
Rap's violent, I'm a street fighter  
With me the killer, there's no survivor

Been a rocky road  
On a Kawasaki  
Bitches be mad  
'Cause I'm so cocky  
They call me Sensei

Mr. Miyagi  
I'm a knockout  
So they call me Rocky

They call me Rocky  
They call me Rocky, Rocky  
They call me Rocky  
They call me Rocky, Rocky  
They call me Rocky  
They call me Rocky, Rocky  
They call me Rocky  
They call me Rocky-ocky

Wrist look like a mountain  
Drippin' sauce, no teriyaki, watch me  
She callin' me "daddy"  
If she Spanish, she go, "papi, papi"  
Hurry up, get on top of me  
Make it sloppy, my little red Ferrari  
We fuck on Versace  
Killin' that body, bitch, like a kamikaze  
Woah, [?] Asia, sharp as a razor  
Both middle finger the haters  
Heart cold as a refrigerator  
My advice? You shouldn't date her  
Come in all flavors, celebrity neighbors  
We the niggas y'all wanna hang with  
Wanna gang with, wanna get bread  
On top of bread, nigga, just like a sandwich

Been a rocky road  
On a Kawasaki  
Bitches be mad  
'Cause I'm so cocky  
They call me Sensei  
Mr. Miyagi  
I'm a knockout  
So they call me Rocky

They call me Rocky  
They call me Rocky, Rocky  
They call me Rocky  
They call me Rocky, Rocky  
They call me Rocky  
They call me Rocky, Rocky  
They call me Rocky  
They call me Rocky-ocky
